

Spring Clothing.

To the young man Saks clothing appeals with greatest force from the standpoint of style.

To the older man, who seriously considers dollars and cents, it appeals from the standpoint of value.

In combining the two, style and value, we cater to all.

The Saks designers have developed many new ideas for this spring—those that will appeal to the extremist as well as others, for him of more conservative tastes. Each man's need and taste is interpreted with its full sweep of possibilities that allows of no chance of our failing to show him what he wants, at the price he wants to pay.
